

# PRODUCT INFORMATION

## ANTIFOAM

### NON-ONLY DEFOAMING ADDITIVE

- Features** : Effective defoaming additive specially formulated to control foam formation.
- Prevents clogging due to foam accumulation in wet vacuums, pumps pipelines and extraction machines.
- Eliminates unsightly foam in effluent treatment plants.
- Fully biodegradable and does not interfere with digestive bacteria in treatment plants.
- Uses** : Commercial and industrial cleaning in floor mopping, degreasing, carpet shampooing, etc, defoaming work at wastewater or effluent treatment plants.
- Directions** : For use in detergent solution recovery tanks, add 30ml to 100ml into the recovery tank before commencing suction operation.
- Specifications:**
- |               |                          |
|---------------|--------------------------|
| Appearance    | : Opaque white emulsion. |
| pH (as is)    | : 5.0 - 7.0              |
| Solid content | : 2.6 - 3.0%             |
